

A FEW NOTES ABOUT THE DESIGNERS SPARKMAN & STEPHENS:

Over four decades, S&S designed every single America's Cup winner but one — an astonishing achievement unlikely to ever be repeated.

As the yachting industry shifted from wood to fiberglass and from one-off designs to production brands, Sparkman & Stephens remained a designer of choice. High-end builders including Abeking & Rasmussen, Baltic, Concordia, Derecktors, Hinckley, Hylas, Lyman Morse, Morris, Nautor Swan. Northwind. Palmer Johnson. Shaw, Stellar, Tartan, Queen Long, and others boasted of designs by S&S in their advertising. Simultaneously, commissions for unique Sparkman & Stephens yachts sail and power - continued to flow in from the major figures of the 20th century: Aga Khan, Baker, Disney, DuPont, Ford, Heath, Johnson, McGraw, Mosbacher, North, Reynolds, Rockefeller, Rothschild, Schaefer, Scripps, Sears, Turner, Vanderbilt, Watson, and many, many others.

The firm's legacy remains sterling, even today; to wit: a high-end broker recently concluded a listing summary:

"She is a Sparkman & Stephens' design.
What more needs to be said?"
